

Launch playbook.

Where to sell, what it costs, what the competition charges, the name question, and a 90-day plan from now to the first day of summer.

The 90 days

WHEN	DO THIS
This week	Get an ABN. Order a branded sample from Private Label Dynamics (see Start today). Check the @waveset handles and the domains.
Weeks 2–3	Test the sample in humid weather and after a surf. Lock the label in Canva. File a TM Headstart on the house name.
Weeks 3–4	Order the first 100. Set up a Shopify store with pre-orders and a clear ship date. Start posting the TikTok pack.
25 Oct	First market stall at The Coastal Markets Burleigh, or a \$40 day at Carrara to practise.
Nov	Drop samples at 3 longboard shops and 3 barbers. Stall again on 29 Nov. The Straddie Oyster Festival if the date is confirmed.
1 Dec	First batch ships. First day of summer.

The Village Markets Burleigh closed in 2024, and Art & Craft on the Coast closed in Feb 2026. The Coastal Markets took over the beachfront spot.

Surf shops that fit the look

These longboard and single-fin shops suit the brand best: **Mt Woodgee** (Burleigh and Currumbin), **Duke's Longboards** and **Miami Longboards** (Miami and Mermaid), **Bob Minty Surfboards** (Point Lookout, Straddie), **Cylinder Surf** (Cleveland), **Coolangatta Surf**. Walk in with a jar and a phone showing your views.

Barbers to seed

Brisbane: Togninis, Elysium Hair (curl-by-curl cutting), Twin Palms (James St), Crown and Co. Gold Coast: Busy Barber, Ace of Fades (Burleigh), Legend Cutz (Mermaid). None are confirmed men's-curl specialists, so give them samples and see who gets it.

The gap: barber-shop price, twice the size, and the only one with a beach and a face.

The name question

"Wave set" is a dictionary word for a hair-setting lotion (Merriam-Webster), so as a plain word mark for hair products it's likely to be knocked back as descriptive. IP Australia shows 0 results for "waveset" and one lapsed "SET WAVE AUSTRALIA" in clothing. The name isn't taken, it's just hard to own.

The move: use a distinctive house name with **Wave Set** as the product. These returned zero results on IP Australia's quick search:

- **Glassoff:** "Glassoff Wave Set curl cream" (glass-off is the glassy evening water)
- **Swellset**
- **Lefthander** (the only existing mark is lapsed, and in wine)
- Or your surname: **Doyle's Wave Set**

Do a **TM Headstart** first (\$200 + \$130 per class). It's a cheap pre-check before a full application. **Domains:** waveset.com has been held by a corporate registrar since 2000, but getwaveset.com and wavesetco.com looked free, and waveset.com.au doesn't resolve.

The rules (short version)

- **Buy from an Australian maker and relabel it**, and the maker handles AICIS registration. If you import, you register yourself (about \$85/yr).
- **Your label must list every ingredient** (ACCC standard): 1% and over in descending order, then the rest, with colours last. Your online listing needs the list too.
- **Appearance claims only**: "defines", "less frizz", "holds". Never treats, repairs, protects or SPF.
- **"Made in Australia" works** if the maker formulates and fills here. The green kangaroo logo is a paid licence (\$330/yr).
